

FEATURES

- * The Annaclava is a balaclava that is easy to breath in.
- * The mesh lets you breath heavy when running without restricting the air flow.
- * It is Flame retardant.
- * It is cut long to cover any gap in the neck and throat.
- * The Annaclava can be carried as a cap, just put all the lower parts into the top and put it on
- * Light weight and thin to be comfortable in most situations
- * Flatlock seams for increased strength.
