

SMALL LEG PANEL -12

14-00101

Introducing a robust harness designed to provide essential support for your combat belt.

FEATURES

- * The leg attachment plate offers a secure, user-friendly, and breathable design, ensuring a comfortable experience.
- * Easy and quick to mount and remove from the leg.
- * Provides a firm connection to your belt.
- * Consists of two parts: one part connects around the belt using Velcro, while the other part is strapped to the leg using elastic bands.
- * The two parts are joined together with a revolving buckle, allowing for effortless opening and closing.
- * The leg attachment plate is made of soft material, ensuring minimal discomfort when worn.
- * Elastic leg straps provide a snug and comfortable fit.
- * Compatible with most pouches and holders in our system.
- * Designed to resist water absorption, ensuring it remains lightweight even when wet.
- * Compatible with all types of MOLLE/PALS pouches.
- * Can be attached to all trouser and equipment belts.
