- An easy to adjust 15-20 cm width elastic size adjustment in the back.

EQUIPMENT VEST -16

18-01162

Two zippered front pockets.
Zipped front closure.

Channels in the shoulders for cables
to the radio. Keeps them safe.

In the back a compartment for a
hydration system is placed.
Closes in the top with Velcro.

The size is adjustable 15-20 cm
with an elastic cord in the back.

The vest is compatible with the
MOLLE/PALS system and all
pouches can be attached securely
to it.

There are openings in the side
from the zippered front pockets so
cables can be pulled out.

The front, sides and shoulders are
covered with MOLLE webbing.

Pistol holster in hard plastic can also
be attached to the vest.

On the back a large area is covered
with loop Velcro.
Here a 10x25 cm patch can be
attached.
