

T-BAR SET -12 & HERMA T-BAR SET 1.0

26-00491

Introducing our versatile set of 25 mm wide and 70cm long bands equipped with dual adjust side release buckles. This set provides a range of benefits for your bag or backpack, offering additional attachment options and the ability to compress your gear.

FEATURES

- * The T-Bar offers versatile functionality, serving as a closure for your vest and a mounting point for attaching a bag. It can be easily affixed to various gear such as backpacks, vests, or chest rigs.
- * There are two versions, one with Stealth buckles and one with Herma buckles.

MOUNTING INSTRUCTIONS:

Position the T-Bar at the desired location.
Insert the bottom horn beneath the pals band.
Pull or twist the other horn and insert it forcefully under the inner band on the opposite side.
Tug the buckle to ensure a secure attachment.
Install any additional buckles as needed.
Attach the bag/backpack etc and make sure the buckles are placed in the correct position
