Alpha LT Jacket (Gen 2.1) MultiCam®

MPN: X000006476

SIZE: XS, S, M, L, XL, XXL

WEIGHT: 435g /14.8oz | (Size Large)

The Alpha LT Jacket MultiCam® provides all-weather protection in an extremely lightweight and packable jacket. Boasting a new lightweight 3L GORE-TEX® fabric which uses a more durable micro grid woven backer, the Alpha LT Jacket compromises nothing in environmental defense while providing the wearer with a complete feature set suitable for no-fail tasks regardless of conditions.

MATERIALS

- + GORE-TEX® 3L 40D face fabric and NIR signature reduction with a micro grid woven backer
- + Made with PFAS chemicals

PRODUCT FEATURES

- + The Alpha LT Jacket weighs only 435g and assumes a volume of roughly 2.25L when packed (Size Large)
- + All face fabrics include NIR Signature Reduction
- + Integrated Storm Hood with integrated cable routing, glove-friendly drawcords and an elasticized stow loop
- + Weatherproof zippered pockets are one-hand and gloved-hand operation friendly
- + Drawcords are one-handed and glove friendly and vertically routed to minimize interference with duty belts, harnesses and pack hip straps
- + Cuffs are Velcro® adjustable and seal to the wrist or can open up wide to support donning and doffing over tactical watches and gloves, or rolled to the elbow for venting
- + Weatherproof pit-zips are double zippered to allow for use while restricted by plate carriers
- + Fit allows for layering during cold weather conditions however a size-up is recommended for severe cold weather layering
