

MEN'S

Assault Balaclava FR Black (Gen 2.0)

MPN: X000005282

SIZE: S, M, L, XL

WEIGHT: 60g / 2.1oz | (Size Large / X Large)

A flame resistant balaclava that is worn when conducting Direct Action tasks that will provide user protection from flame/incendiaries. An ergonomic design and flat seam construction techniques allow for enhanced comfort when worn in conjunction with a helmet, eye protection, ear protection and/or O2 mask. FR mesh materials and construction techniques, allowing the balaclava to be worn in either an eyes exposed only or full face exposed manner, allows for enhanced ventilation that mitigates overheating and undue fog/moisture build-up on eye protection.

MATERIALS

- + TENCATE Defender™ M 5.5oz Flame Resistant Mesh Knit
- + Free from intentionally added PFAS

PRODUCT FEATURES

- + PPE Compatible allowing the balaclava to be functionally worn with an all-mission helmet
- + Optimal face and neck coverage and enhanced breathability over the mouth

COUNTRY OF ORIGIN

El Salvador
