MEN'S

Cold WX Pant LT (Gen 2.1)

MPN: X000009550

SIZE: XS, S, M, L, XL, XXL

WEIGHT: 620g / 21.7oz | (Size Large)

The Cold WX Pant LT is a highly packable and lightweight pant suitable on its own for colder temperate and sub-polar climates, and easily layered with accompanying PRO layers above and below. The face fabric is GORE 40D WINDSTOPPER®, the industry standard in windproof and breathable face fabrics.

The Cold WX LT Pant is filled with premium Coreloft™ synthetic insulation, and patterned for high air permeability. The pant maintains PRO's strict requirements to support a wearer's comfort in high output situations.

MATERIALS

- + GORE WINDSTOPPER® 2L 40d Nylon Plain Weave with ePTFE membrane and C6 DWR
- + Coreloft™ Continuous 100 (3oz) synthetic insulation with C0 DWR
- + Made with PFAS chemicals

PRODUCT FEATURES

- + Constructed of a hybrid material combination in areas of higher abrasion including the seat, knees, and lower leg areas
- + Drawcords are one-handed, glove friendly and vertically routed to minimize interference with boots, snowshoes, and skis
- + Elasticized, adjustable nylon web waist allowing for waist size flexibility
- + Waistline suspender loops for optional suspender attachment
- + Full side zips allow easy entry and exit over boots, snowshoes and crampons and adjusts for ventilation
- + Weatherproof zippered pockets are one-hand and gloved-hand operation friendly
- + NIR Signature Reduction
