

MEN'S

Cold WX Pant SV (Gen 1.4)

MPN: X000009544

SIZE: S, M, L, XL, XXL, MT, LT, XLT

WEIGHT: 755g / 26.6oz | (Size Large)

For active tasks in polar environments the Cold WX Pant SV provides maximum thermal regulation in the most challenging temperatures.

The Gen 1.3 features the unique GORE® WINDSTOPPER® fabric that is a durable 2-layer laminate delivering durable windproof performance and high resistance to rain and snow. It also features an updated insulation material package throughout the garment

Two layers of Coreloft™ continuous insulation with non-quilted construction eliminate cold spots entirely. Patterned for high air permeability, the pants maintains PRO's strict requirements to support a wearer's comfort in high output situations.

MATERIALS

- + GORE WINDSTOPPER® 2L 40d Nylon Plain Weave with ePTFE membrane and C6 DWR
- + Coreloft™ Continuous 100 (3oz) synthetic insulation with C0 DWR
- + Coreloft™ Continuous 90 (2.7oz) synthetic insulation with C0 DWR
- + Made with PFAS chemicals

PRODUCT FEATURES

- + Constructed of a hybrid material combination in areas of higher abrasion including the seat, knees, and lower leg areas
- + Weatherproof zippered pockets throughout the garment are one-hand and gloved-hand operation friendly
- + Thigh pockets are one-hand and gloved-hand operation friendly and conveniently placed for access while sitting
- + Drawcords are one-handed, glove friendly and vertically routed to minimize interference with boots, snowshoes, and skis
- + Elasticized, adjustable nylon web waist allowing for waist size flexibility
- + Waistline suspender loops for optional suspender attachment
- + Full side zips allow easy entry and exit over boots, snowshoes and crampons and adjusts for ventilation
