

MEN'S

Practitioner AR Jacket

MPN: X000010780

SIZE: XS, S, M, L, XL, XXL

WEIGHT: 480g /16oz | (Size Large)

The Practitioner AR Jacket is a particularly versatile midlayer designed to be worn all day and minimize transitions while working in the field. Made with extremely air permeable materials, it manages water vapour and temperature across a broad range of conditions and output levels keeping the wearer dry, even during high intensity activity.

As a trim-fit, low loft, midlayer option the Practitioner AR pairs with base and midlayers while remaining comfortable under plater carriers and packs. Made with four-way stretch face fabric that is DWR treated, this jacket can also be worn as outer layer and is suitable for a range of conditions including mild wind, rain and snow.

MATERIALS

- + Fortius™ Air 50 (49% Polyester, 35% Nylon, 16% elastane)
- + Octa® Loft breathable insulation - 100% polyester
- + Free from intentionally added PFAS

PRODUCT FEATURES

- + Four-way stretch face fabric offers light wind and rain/snow protection when worn as a outer layer
- + Cuffs are Velcro® adjustable and seal to the wrist or can open up wide to support donning and doffing over tactical watches and gloves, or rolled to the elbow for venting
- + Weather protected Napoleon style chest pockets include cable routing through the garment
- + Articulated elbows and gusseted underarms for mobility and comfort
- + Dual back flaps on main zipper prevent wind penetration
- + Drop back, laminated hem with Cohesive™ hem adjuster
