

MEN'S

Cold WX Balaclava SV (Gen 2)

MPN: X000007179

SIZE: S-M, L-XL

WEIGHT: 80g / 2.8oz | (Size Large)

A cold weather balaclava with significant warmth and wind resistance. Ergonomic design and flat seam construction minimize bulk. Ventilation is enhanced at mouth to aid breathing when worn with eye protection or night vision goggles. Optimal face and neck coverage and enhanced breathability over the mouth. PPE Compatible allowing the balaclava to be functionally worn with an all-mission helmet.

MATERIALS

- + Polartec® Power Stretch™ Pro - 53% polyester, 38% nylon, 9% elastane - bluesign Approved Material
- + N70s 3L GORE-TEX WINDSTOPPER™ with PFC-free DWR
- + Free from intentionally added PFAS

PRODUCT FEATURES

- + PPE Compatible allowing the balaclava to be functionally worn with an all-mission helmet
- + Flatlock seam construction improves next-to-skin comfort
- + Optimal face and neck coverage and enhanced breathability over the mouth
- + All materials have an abrasion-resistant nylon face for durability when worn with a helmet or against Velcro™
