

- Block both inward and outward going doors when circumstances allow it.
- The multihook provides the ability to anchor the hook on the frame, on a overlapping plate or between the door and the frame. Can be reinforced with a screw if necessary.
- Constructed like a weapon sling for recognition.
- The cascet has velcro on the inside which can prevent it from slipping.
- The small design allows the operator to carry one or more in small pockets.

Product information

Prod Nr	MOE-029
Prod Name	Door sling
HS code	5806310000
Color	Ranger green

Product dimension

Length	76-148 mm
Weight	135 g

- 1. Multihook
- 2. Weapon sling buckle
- 3. Cascet with velcro
- 4. Screw hole
