

SAFETY PROGRAM

DEPENDABLE, INSTANT
LIGHT ...
WHEN LIVES DEPEND ON IT

MADE IN

6" SNAPLIGHT® LIGHSTICKS (15CM)

With a simple bend, snap, and shake, SnapLight® (15cm) industrial grade, phthalate-free chemical lightsticks provide instant light for all emergency situations. Each SnapLight® creates 360° of illumination, and is visible up to 1 mile.

They are non-toxic, non-flammable, waterproof, and generate no heat or sparks.

Contact us for a customized individual foil to light up your brand. Possible customization of blisters, cardboard boxes, counter display units.

SAFETY INSTRUCTIONS

Our products are non dangerous, non explosive, non flammable, non hazardous, non toxic. They do not generate sparks, heat or flame. No maintenance, nor batteries are required. They are waterproof (can be used under water) and buoyant.

Keep in original wrap until ready to use. Do not puncture or cut product. Ingredients may stain clothing or furniture. Contact with skin or eyes may cause temporary discomfort. In case of skin or eyes contact, rinse thoroughly with water. Do not drink or ingest contents. Do not leave product in direct sunlight or expose to high temperatures. After use, dispose of in refuse container.

Shelf-life depending on the product type, is indicated on the foil/case and starts from date of manufacture. We do our best to supply you in best delays with freshest possible products.

Please keep the product in its foil before use or in its box to prevent light exposure otherwise it may affect the product's efficiency.
