

MEN'S

Tactician AR Shirt

MPN: X000010493

SIZE: XS, S, M, L, XL, XXL

WEIGHT: 335g / 12oz | (Size Large)

No melt/no drip combat shirt built for comfort under body armour. An everyday combat shirt built for all-weather ops, the Tactician AR delivers breathable next-to-skin comfort under armour, with strategic material mapping to enhance mobility and manage moisture. A low-profile collar, shortened front zipper, and mesh paneling minimize pressure points and heat buildup beneath load-bearing gear. On-body storage and internal tether points keep essential tools tight to your kit, enabling unrestricted movement in active environments.

MATERIALS

- + Spartan HT Flex Lite (Solid), 190gsm, NYCO Spandex, 2-way stretch ripstop
- + Body: Cyberknit NYCO (60% Cotton, 40% Nylon) Jersey Knit, 140gsm
- + Free from intentionally added PFAS

PRODUCT FEATURES

- + Breathable mesh panel at the upper back and collar reduces heat buildup and friction beneath slings and load-bearing gear
- + Raised rear collar with Spacermesh™ adds comfort and shields the neck from weather and abrasion under slings or armour
- + Low-profile front zipper ends above plate-carrier line to eliminate pressure points
- + Lockdown zipper slider prevents accidental opening during high-intensity movement
- + Zippered upper arm pockets provide access to small tools or equipment, with lockdown sliders for added security
- + Upper-arm IFF Velcro® 4x4.5" patch panels with V-Lite™ retention rings secure electronic IFF devices to your kit
- + Internal elastic loop inside each sleeve pocket keeps critical items stable and organized during movement
- + Cuff-adjustment tabs are made from durable, low-profile material to ensure a snug fit and reduce snagging hazards
- + Constructed with lightweight, no melt/no drip materials that meet field safety standards for heat and flame exposure
- + Strategic material mapping maximizes ventilation and mobility beneath body armour without compromising durability
- + Internal sleeve pocket for elbow pads (not included)
