# Tactician SV Pant MultiCam®

**MPN:** X000011059

**SIZE:** 28-S, 30-S, 32-S, 34-S, 36S, 38S, 28R, 30R, 32R, 34R, 36R, 38R, 40R, 42R32T, 34T, 36T, 38T, 40T, 42T

**WEIGHT:** 805g /28oz | (Size 34-R)

Dependable softshell combat pant for severe weather conditions. When the mission unfolds in cold and wet conditions, the Tactician SV Pant is your armour. Built for dynamic ops in severe weather, it delivers advanced mobility, thermal regulation, and adaptable storage in a water-repellent, combat-ready design. Worn next to skin or over base layers, it combines breathable protection with an articulated fit and tactical pocket configuration for quick access to mission-critical gear in tough environments.

## MATERIALS

- + 520E Durastretch Nylon Plain Weave C0 DWR Printed, 214gsm
- + Free from intentionally added PFAS

## PRODUCT FEATURES

- + Water-repellent softshell material provides breathable protection in cold and severe conditions
- + Integrated internal gaiter with cinch cord secures fit over boots and prevents snagging or ride-up during movement
- + Reinforced belt loops accommodate a rigger's belt or 2" inner-duty belt for weapon, radio, or comms rig stability
- + High-set vertical-entry hand pockets allow access even when wearing a duty belt
- + Knife clip reinforcement inside hand pockets offers fast, secure knife storage
- + Zippered upper-thigh pockets provide silent, secure storage for low-volume items like phones or IDs
- + Cord zipper pulls reduce metal-on-metal noise and snag risk during stealth operations
- + Large-volume cargo pockets with Velcro® flap closure allow for one-handed access under pressure, with a drain hole for rapid water egress in wet environments
- + Internal elastic loops and webbing keep magazines, tools, or comms gear secure during movement
- + Outer cargo flap includes snap closure for added security during airborne operations and deployment
- + Reinforced webbing over knees increases abrasion resistance in high-wear zones
- + Integrated foam knee pads are thermo-moulded, perforated, and low-profile for breathability, flexibility, and added durability
- + Velcro® tabs behind the knee allow users to adjust pad position for dialed-in fit through dynamic movement
- + Pocket bags and knee lining are made with durable, stretch-woven lining for breathability and all-day comfort
- + Outer lower-leg pockets with Velcro® top-entry closure for quick access to small mission-critical items
- + Dual stitched eyelets at each cuff allow paracord tethering to keep pant legs secure during airborne operations
- + FC0 DWR (Durable Water Repellant) finish repels moisture.
