

Product Sheet

Nordic Winter Mitt

Art No: 79201

A Combat Mitt glove with fixed insulation on both backhand and palm. To wear as reinforcement layer for extra protection against wind and water or as a stand-alone glove in winter conditions, can be combined with HESTRA removable liner. Leather reinforcement in palm, inner thumb and sidewalls for good grip and enhanced durability. Gloves stays firm on hand with the stretch band at wrist, and cuff can be closed with the snow lock.

Areas of use: To be used as an outer glove for improved weather protection in a system or as a stand-alone, to maintain warmth in cold conditions.

Weather conditions: Cold to severe cold climate.

Fitting: Unisex fitting. Pre-curved shape.

Sizes: 7-12.

Features:

- Windproof and water repellent.
- Fixed insulation and prepared to be used with HESTRA removable liner for extra warmth.
- Light-way and easy to pack.
- Can be used as an outer layer in a system.
- Compatible with most combat- and inner gloves.
- Combine with Hestra Outer Shell for waterproofing.
- Lanyard and carabiner for fastening/storage.

Storage: Use a carabiner at eyelet to attach gloves to clothes, bags or similar for storage in the field and to dry/ventilate after use.

Maintenance: Dry leather gloves at room temperature, avoid open flames, heaters, tumble- driers and ovens. Dry outer shell and liner separately in an upright position by hanging. If completely wet, carefully squeeze out the water gently without twisting. Clean with a lightly moistened cloth, avoid washing as it depletes the leather. Removable liner can be washed gentle in 30 C. Lubricate leather regularly to improve resistance to moisture, wear and tear. Allow the fat to absorb the leather balm for several hours before use and wipe off the excess.
