

A misty, foggy forest scene with tall evergreen trees. The fog is thick, creating a soft, ethereal atmosphere. The trees are dark green and silhouetted against the lighter, hazy background.

HESTRA PRO

90 YEARS OF CRAFTSMANSHIP, WITH ROOTS IN GLOVES FOR LUMBERJACKS

Our story began in the spring of 1936, when Martin Magnusson started crafting gloves for the forestry workers of Småland in Sweden.

The forest was their workplace, and their hands endured the harshest of conditions, especially during the winters. Martin came to the conclusion that leather with reinforced rivets was the best solution. The gloves became durable while giving a good grip. The top was made of warming wool.

Today, glove-making offers far greater technical possibilities, and the needs of working hands are more diverse. We design gloves for outdoor work in all kinds of weather, as well as precision-fit gloves for

landscaping, gardening, and assembly. Every pair is carefully tested and CE-certified to meet European standards. And because we believe in responsibility, our company is also certified under the ISO 14001 environmental management system. Still, the values of our great grandfather built into his first gloves remain at the heart of everything we do.

At Hestra, we start with the hands themselves. Gloves should protect, support, and make work easier — all while preserving touch and dexterity. Leather remains one of our favorite materials and we reinforce our designs where the wear is greatest.

For us at Hestra, gloves will always be a craft.

HESTRA GLOVE SYSTEM

WARMS THE HANDS LAYER BY LAYER

You can keep your hands dry and warm by combining gloves with different features.

This is how you can layer and vary your gloves to adjust to changing temperatures and your activity levels.

I INNER GLOVE LAYER 1

The liner is the hand's underwear, which transports moisture away from the skin and creates an additional warming layer. You should keep it on to avoid contact with cold surfaces when performing tasks that require finger dexterity.

II BASE GLOVE LAYER 2

The base glove is the one you use most frequently. It keeps your hands warm in normal cold conditions, wicks away the moisture and provides protection from the wind. The base glove is available with a fixed or removable liner. A removable liner makes it easier to regulate the heat.

III SHELL GLOVE LAYER 3

Shell Gloves are a layer of added protection that you pull on when it's biting cold, wet or if you're standing still for prolonged periods. Shell Gloves should be generous enough to leave room for a large volume of insulating air.

HEART BEFORE HANDS

Hands and feet are the first body parts to suffer when you are out in the cold. They are furthest from the vitals in the core of your body – your heart, brain, spinal cord and gastrointestinal tract. The fine mesh of capillaries in the fingers and toes is shut off when it gets too cold and the tips of your fingers turn white. You could say that the body “sacrifices” less important parts in an attempt to save the organs that are essential for survival. The point of this is that your hands and feet need extra protection when it’s cold to compensate for the body’s natural function. Remember that even if your body is warm in general, your hands can still get frostbite.

Nordic Winter 5-finger

ART NO 79200

SIZE	6	7	8	9	10	11	12
861							

OUTER MATERIAL Backhand made of windproof, waterproof, breathable HESTRA Flextron 4-way stretch. Palm made of Army Goat leather.

INSULATION G-Loft

LINING Removable Bemberg/polyester lining.

FEATURES Elastic at wrist. Puller at cuff. Snow lock. Carabiner. Hanging loop on finger. Removable lining. Lanyard.

Nordic Winter Mitt

ART NO 79201

SIZE	6	7	8	9	10	11	12
861							

OUTER MATERIAL Backhand made of windproof, waterproof, breathable HESTRA Flextron 4-way stretch. Palm made of Army Goat leather.

INSULATION G-Loft

LINING Removable Bemberg/polyester lining.

FEATURES Elastic at wrist. Puller at cuff. Snow lock. Carabiner. Hanging loop on finger. Removable lining. Lanyard.

Nordic Winter 3-finger

ART NO 79202

SIZE	6	7	8	9	10	11	12
861							

OUTER MATERIAL Backhand made of windproof, waterproof, breathable HESTRA Flextron 4-way stretch. Palm made of Army Goat leather.

INSULATION G-Loft

LINING Removable Bemberg/polyester lining.

FEATURES Elastic at wrist. Puller at cuff. Snow lock. Carabiner. Hanging loop on finger. Removable lining. Lanyard.

Nordic Winter Wool 3-finger

ART NO 7002862

SIZE	6	7	8	9	10	11	12
861							

OUTER MATERIAL Backhand made of windproof, waterproof, breathable HESTRA Flextron 4-way stretch. Palm made of Army Goat leather.
LINING Removable wool pile lining, 75% wool, 25% polyester pile.
FEATURES Elastic at wrist. Puller at cuff. Snow lock. Removable lining. Carabiner. Hanging loop on finger. Lanyard.

Nordic Winter CZone 5-finger

ART NO 79083

SIZE	6	7	8	9	10	11	12
100							

OUTER MATERIAL Backhand made of windproof, waterproof, breathable HESTRA Flextron 4-way stretch. Palm made of Army Goat leather.
INSERT CZone
INSULATION Fiberfill
LINING Bemberg
FEATURES Elastic at wrist. Puller at cuff. Snow lock. Carabiner. Hanging loop on finger. Lanyard.

Winter Expedition Mitt

ART NO 79021

SIZE	6	7	8	9	10	11	12
350300							

OUTER MATERIAL Backhand made of windproof, waterproof, breathable HESTRA Flextron 4-way stretch. Palm made of Army Goat leather.
INSULATION G-Loft
LINING Removable insulated mitten lining and removable 3-finger Primaloft liner.
FEATURES Elastic at wrist. Wrist adjustment with duckbill. Snow lock. Puller at cuff. Removable lining. Carabiner. Handcuff.

Glove Winter

ART NO 7003290

SIZE	6	7	8	9	10	11	12
620620							

OUTER MATERIAL Backhand made of windproof, waterproof, and breathable NIR HESTRA Flextron 4-way stretch fabric. Palm made of impregnated goat leather.
INSERT CZone
LINING Tricot with flame-retardant features.
FEATURES Puller tab at cuff. Machine washable. Elastic at wrist. Touch screen compatible. Memory foam knuckle protection.

Seam Sealed Shell Overlay Mitt

ART NO 79051

SIZE	5	6	7	8	9	10	11	12
100								

OUTER MATERIAL Made of windproof, waterproof and breathable HESTRA Triton 3 layer recycled polyamide fabric.

FEATURES Box Finger construction. Elastic at wrist. Grip print in palm. Machine washable. Pre-curved fit. Snow lock. Taped seams. Wrist adjustment duckbill.

Seam Sealed Shell Overlay 3-finger

ART NO 79052

SIZE	5	6	7	8	9	10	11	12
100								

OUTER MATERIAL Made of windproof, waterproof and breathable HESTRA Triton 3 layer recycled polyamide fabric.

FEATURES Box Finger construction. Elastic at wrist. Grip print in palm. Machine washable. Pre-curved fit. Snow lock. Taped seams. Wrist adjustment duckbill.

Ergo Grip CZone Pro

ART NO 74650

SIZE	5	6	7	8	9	10	11	12
100								

OUTER MATERIAL Backhand made of waterproof and windproof polyester fabric. Impregnated goat leather in palm.

INSERT CZone

INSULATION Foam

LINING Brushed polyester

FEATURES Elastic at wrist. Ergo Grip. Neoprene cuff with Velcro closure. Puller at cuff. Reinforcement details.

Ergo Grip Tac

ART NO 7002300

SIZE	6	7	8	9	10	11	12
861							

OUTER MATERIAL Backhand made of HESTRA Ventus three layer polyester blend fabric, windproof, waterproof and breathable. Stretch polyester in palm.
LINING Unlined
FEATURES Ergo Grip. Puller at cuff. Neoprene cuff with Velcro closure. Machine washable.

Ergo Grip Active Pro

ART NO 7003160

SIZE	6	7	8	9	10	11	12
100							

OUTER MATERIAL Backhand made of HESTRA Ventus three layer polyester blend fabric, windproof, waterproof and breathable. Palm made of impregnated goat leather.
LINING Brushed polyester
FEATURES Neoprene cuff with Velcro closure. Elastic at wrist. Handcuffs. Ergo Grip. Reinforcement details.

Pilot Glove Touch

ART NO 80220

SIZE	6	6.5	7	7.5	8	8.5	9	9.5	10
890									

OUTER MATERIAL Water-repellent hairsheep leather.
LINING Silk 100%
FEATURES Puller at cuff. Velcro closure at wrist. Touch screen compatible.

Combat Glove FR Short

ART NO 7003720

SIZE	6	7	8	9	10	11	12
875620							

OUTER MATERIAL Backhand made of tricot with flame-retardant and NIR. Impregnated goat leather in palm.

LINING Unlined

FEATURES Elastic at wrist. Knuckle protection.

Combat Glove FR Long

ART NO 79460

SIZE	6	7	8	9	10	11	12
100390							

OUTER MATERIAL Backhand made of tricot with flame resistant features. Impregnated goat leather in palm.

LINING Unlined

FEATURES Elastic at wrist. Puller at cuff. Knuckle protection. Touch screen compatible.

Merino Wool Liner Active

ART NO 79030

SIZE	5	6	7	8	9	10	11	12
390								

OUTER MATERIAL 70% Merino wool, 30% Nylon tricot. 160g/m².

FEATURES Machine washable. Puller loop.

Liner FR

ART NO 7002360

SIZE	6	7	8	9	10	11	12
390							

OUTER MATERIAL Made of tricot with flame resistant features.

FEATURES Puller loop. Machine washable. Touch screen compatible.

3-finger Wool Liner

ART NO 7002372

SIZE	6	7	8	9	10	11	12
020							

OUTER MATERIAL Wool pile, 75% wool, 25% polyester pile.

INTENDED FOR

FEATURES Machine washable. Velcro attachment.

Carl Gustaf

ART NO 23020

SIZE	6	6.5	7	7.5	8	8.5	9	9.5	10	10.5
000										

OUTER MATERIAL Hairsheep nappa leather.

LINING Unlined

FEATURES Points. Snap button at cuff. Vent at glove opening.
